### **Workshop Minutes**

- I. Call to Order at 10:00 am.
- II. General Workshop Discussion.
  - a. Q. Shear said that the Daily Sentinel said we could submit an op-ed for the FMLD. It was discussed that we would submit it in July close to the beginning of our new grant cycle.
  - b. Q. Shear provided a copy of the 2021 Colorado Department of Local Affairs Federal Mineral Lease Distribution Report. He said there was a lot of information in the report that we could use for the Op-Ed. Everyone reviewed the copy of the 23-page report.
  - c. B. Daniels suggested that we include where the funding has gone in the community and that we do a draft that we could circulate in an email to make revisions.
  - d. C. Springer said that he would like to see the connection to the local people. That the mineral leases are on local lands, and the minerals create money for use in the local for the community.
  - e. All three agreed that we probably didn't need to have the entire history, but some history of the district for those who are unfamiliar. They would like it to end with it tying into our upcoming grant cycle in August.
  - f. D. Reimer said she would have a draft over to the board in the next week or two for review and editing.
- III. Ended workshop at 11:00 am.
